In-Person Class and Rehearsal Protocols Fall 2021

We are excited to jump back in this fall with a full slate of Monday and Tuesday night classes as well as some fun, new performance opportunities!

Throughout the session, we will continue to monitor and respond to what is required of us (as a children's arts education organization) by the state, CDC and the local churches and school districts from which we rent space.

At the moment, Washington State Department of Health, our local school districts and the CDC are requiring masks indoors for adults and children regardless of vaccination status, with relaxed restrictions on temperature checks, distancing and capacity.

Please review the specific class protocols below, as we work together to take care of each other and make sure this in person activity remains possible. For questions or clarifications, please reach out to the Class Coordinator, Bethany Larson, at b.larson@journeytheater.org or 360-921-2944.

Students may not come to class if:

- a) They have been diagnosed with COVID-19 and are still within the 14 day quarantine period
- b) They have had symptoms of COVID-19 (within the previous 24 hrs), or
- c) They have been in contact with someone known to have COVID-19 (within the last 14 days)*

*A negative covid test 3-5 days after exposure is sufficient to be allowed in class.

Protocols**

- Masks will be worn by everyone before, after and during class, except when outdoors or when eating or drinking.
- Teachers and students will do their best to maintain a distance of at least 3 ft between people.
- Only one student at a time will be allowed in a restroom.
- Restroom cleanliness will be monitored by Resident Parent and Class Coordinator in addition to church janitorial staff.

Updated 9/7/2021

- Students should bring a full water bottle (no use of drinking fountains) and their own towel if needed.
- If at any point a student or teacher receives a confirmed COVID-19 diagnosis, they should let the class coordinator know immediately.
- All parents would be notified of the possible exposure, while maintaining as much confidentiality as possible.
- Classes can be moved to a virtual format if necessary in the event of an outbreak or other unforeseen scenario.

**All protocols subject to change based on current regulations at time of classes.

We will provide updates if any changes take place mid-session. We appreciate your understanding and participation as we build together this vibrant community.
